The home has large stunning windows, pan ceilings, and most of the rooms have been recently painted. The octagon-shaped foyer has built-in niches and a new laminate entryway that leads to the rest of the open-floor plan home. The large, friendly kitchen invites the outside in with its newer light fixtures and a convenient desk area. The sunken great room will be the center of your family activity and has a wood burning stove and a large window that provides a beautiful view of the woods. Serenity is the mood in this formal dining room with french doors. The large master bedroom has a walk-in closet and will be your paradise at the day's end. All of the bedrooms have ceiling fans. This home has plenty of space for storage in the attic with two large areas to store things. Outside of the home, you will fall in love with nature. The home has a nice deck as well as two covered patios, and a shed. The secluded backyard is wooded and nicely landscaped with perennial gardens.
